Terms & Conditions

The purchaser is required to provide a 4 metre, 25-50 mm diameter steel pipe, to clamp the stacked dipole antennas in place. We are unable to ship these by courier.

The transmitter will be set to whatever frequency you designate with your order. If no frequency is specified the transmitter will be set to a mid band frequency and labeled.

All regulatory compliance, customs fees, brokerage fees or other charges levied by entry Governments or agencies are the responsibility of the purchaser, including release and clearance of all items through Customs.

Assembly of your station commences upon receipt of a firm purchase order. Shipment occurs upon receipt of payment.

Allow 4 to 6 weeks from date of firm purchase order to shipment of goods.
